

I. Petroleum

- A. Hydrocarbons
- B. Heavier and Lighter forms
- C. Uses

II. How Petroleum Forms

- A. Deposited Organic material
- B. Source Rock
- C. Maturation
- D. Migration
- E. Trap
 - 1. Structural Traps
 - 2. Stratigraphic Traps

III. Controls on Distribution

- A. Availability of Source Rocks
- B. Maturation Temperature & Pressure
- C. Availability of Traps

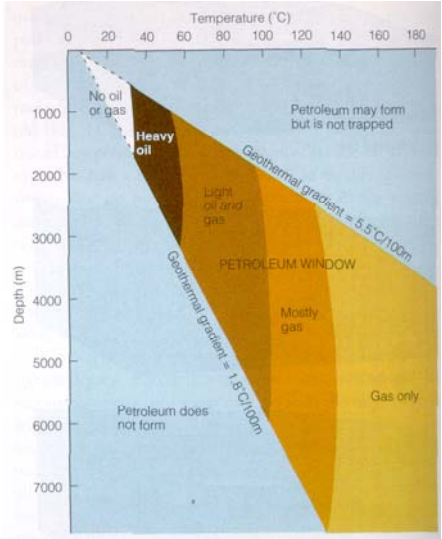

IV. Finding, Retrieving & Using Petroleum

- A. Surface Geology
- B. Geophysical Prospecting
- C. Drilling
- D. Enhanced Recovery
- E. Refining

V. Problems

- A. Extraction
 - 1. Pollution
 - 2. Environmental Degradation
- B. Refining & Use

Petroleum Maturation

Petroleum Traps
